# GABRIELA ORSAK, PH.D.

Senior Survey Research Analyst

## Professional Expertise

Gabriela Orsak, Ph.D. is the Senior Survey Research Analyst for Analytic Focus, LLC. Dr. Orsak has over 10 years of experience in research and design applied to issues in biostatistics, public health, psychology, and healthcare.

Dr. Orsak was previously an Assistant Professor for the School of Community and Rural Health in the Department of Epidemiology and Biostatistics at the University of Texas Health Science Center at Tyler. She served as a CO-PI on a number of grants and has collaborated with colleagues across many different disciplines in her research. She has taught undergraduate and graduate courses in psychology, public health, and biostatistics.

## Selected Publications

Orsak, G., Allen, C.M., Singh, K.P., McGaha, P. (2020). Predictors of nonadherence to colonoscopy following a positive fecal immunochemical test in primarily rural region of Northeast Texas. *Texas Public Health Journal*. 72(3): 25-30.

Chen, Y.T., Becker, H.A., Orsak, G., Allen, C.M., & McGaha, P. (2020). Predictors of colorectal cancer screening activities among uninsured individuals in rural Northeast Texas. *Texas Public Health Journal*. 72(2): 13-17.

Orsak, G., Miller, A., Allen, C. M., Singh, K.P., & McGaha, P. (2019) Return on investment of free colorectal screening tests in a primarily rural uninsured or underinsured population in Northeast Texas. *PharmacoEconomics-Open*. 1-7.

Orsak, G., McGaha, P., Brandon, P., Swan, A., & Singh, K.P. (2019). A longitudinal pilot study for examining symptom reduction in patients with cancer in a palliative care program: A primarily rural northeast Texas population. *Hospital Topics*. 96(4), 95-101.

Orsak, G., Allen, C.M., Sorensen, W., & McGaha, P. (2018). Risk of colorectal polyps and malignancies among predominantly rural Hispanics. *Journal of Immigrant and Minority Health*, 20 (5), 1-7.
